Special payment needs should be discussed by the patient and a member of the business department. Payment plans are subject to approval by the administrator and your therapist. In such cases, you will receive a monthly statement showing all charges and payments. If you have not made payment in full, or made full financial arrangements with our office, your account will be reviewed for collection. If payment is not made on a bill from our office within forty-five (45) days after the date of the bill, interest may be charged to you on the balance of such bill commencing on the forty-fifth (45) day after the date of the bill. The interest rate will be eighteen percent (18%) per annum. Patients having health care coverage should remember that professional services provided are the patient's responsibility, not the insurance company. Our office does not file insurance claims for you; however, we would be happy to help you find the necessary documents and invoices upon complete payment of services for you to submit for reimbursement.

We require 24 hours notice if you are unable to make your scheduled appointment. After an initial warning, appointments cancelled with less than 24 hours notice will be charged in full, unless the appointment is rescheduled within 48 hours.

If you have any further questions regarding insurance, be certain to bring in your insurance book so we can determine your coverage and avoid confusion. We want your experience with YOUR HEALTH to be a pleasant one and we hope this information will help to make it so.

I have read the Your Health Wellness Centre financial policy and understand my financial responsibility and agree to the terms stated in the Financial Policy. I HEREBY AGREE TO PAY ANY AND ALL CHARGES FOR SERVICES RENDERED AND ITEMS PURCHASED AT YOUR HEALTH WELLNESS CENTRE.

Informed Consent to Physical Therapy Treatment

Physical Therapists who use manual therapy techniques such as Muscle Release Techniques, Soft Tissue Tools, and Therapeutic Stretching are required to advise patients that there are some risks associated with such treatment procedures. In particular you should note:

While rare, some patients may experience short term aggravation of symptoms, redness, bruising, or muscle and ligament soreness

Pediatric clients at times cry throughout the treatment, not because the treatment is causing pain, but because it is challenging to the physiology. Please note that treatment will not be discontinued due to the patient crying.

Instrument Assisted Soft Tissue Techniques and Myofacial Release Techniques used in our office are types of cross fiber or transverse friction massage. They are a form of treatment used to "break up" or "soften" scar tissue, thus allowing for the return of normal function in the area being treated. Treatment may produce the following symptoms: local discomfort during the treatment, reddening of the skin, superficial tissue bruising, or post treatment soreness. These techniques are designed to minimize discomfort; however the above reactions are normal, and in some instances unavoidable.

I acknowledge I have discussed, or have had the opportunity to discuss, with my physical therapist the nature and purpose of my treatment in general and my treatment in particular, as well as the contents of this Consent. I consent to the physical therapy treatments offered or recommended to me by my physical therapist. I intend this consent to apply to all my present and future physical therapy care.
